Printing Mode

Zoom in and out on the map by clicking the  or  tools, or using the wheel on your mouse.

Search by clicking on the “Magnifying Glass” icon  on top-right Tool Bar.

Choose method you wish to search by: [\(Street Address Example\)](#)

A dark-themed search modal window. At the top, it says "Search" with a dropdown arrow. Below that is "Search Mode:" with three radio button options: "Parcel Search" (selected), "Address Search", and "Coordinate Search". There are three input fields: "Parcel ID No (PIN)", "Owner Name" (containing "Jane Doe"), and "Street Address" (containing "29 N Howell"). At the bottom are "Clear" and "Search" buttons.A dark-themed search results modal window. It shows "Search Results" with a dropdown arrow. Below that, it says "1 record found from search". There is a location pin icon and the text: "006-126-161-01", "HILLSDALE, COUNTY OF", "29 N HOWELL ST".

Click on this icon to Zoom to Parcel

Click on  to continue searching for another parcel.

Choose method you wish to search by: **(Owner Name Example)**

To zoom to the parcel you wish to view click on this icon that is next to that Parcel

Click on  to continue searching for another parcel.

Choose method you wish to search by: **(Parcel ID Number Example)**

The leading number "30" for each Hillsdale County parcel identification number (PIN) is inferred and should not be used in the parcel search. In addition, please note that it will not appear on the map or report. *Once again, when searching by parcel number, please do not enter the leading "30" as it not included in the parcel number format on this site.*

Search Mode:

- Parcel Search
- Address Search
- Coordinate Search

Parcel ID No (PIN)

Owner Name

Street Address

Clear Search

For parcel searches it is necessary to enter spaces where they appear in the numbering sequence.

Please Note: For users that do not have log in credentials the parcel number search does not currently allow for the formatting used by the City of Hillsdale, as a result, it is recommended to search by owner or property address.

Enter the search criteria depending on your search choice and click on Search. 

- A map should appear with the requested parcel(s) outlined in red.
- A pop up will also appear with the following Parcel Information:
Parcel Number, Owner Name, Property Address, Link to the Parcel Detail report, Mailing Address
(Please Note: Owner Name is available on screen only, it will NOT print on reports.)
If the parcel is in a recorded Plat, a link to the Plat is available on the Parcel Detail report under the “Last Recorded Deed/Document” Section.

To print the report, the printer icon can be found at the top right corner of the screen. You may also hit (Ctrl +P).

To view Aerial on the screen, click on the  icon in the tool bar at the top of the screen, then toggle on the Imagery.

Click on the “Printer” icon  to create a printable image of the parcel. You may Print or create a PDF of the image by using options at lower left of screen.

Thank You for using Hillsdale County GIS On-Line!
